ABOUT US

Make better and more effective POSM
through **design**, **technology** and **passion**.

21 COUNTRIES

228 CUSTOMERS

4 000 DESIGNS

82 000 PIECES

ALBUS develops effective display tools supporting advertising, marketing and sales capacity of brands all over the world. The POSM that we offer to our Customers increases the sale of their products on average by 35%. Such results can be achieved thanks to our 15 years of experience, the application of own structural solutions and know-how, as well as the engaged and creative team of designers. Continuous development allows us to apply innovative solutions which help our Customers to win advantage over their competition, increase attractiveness and recognition of their products and also stir positive emotions towards the brand.

Our best ambassadors are our customers. We were trusted by more than 200 international brands, for which we implemented more than 4000 projects.

PRODUCTION

In the production process we **use diversified materials** from wood and cardboard through plastic to metal. We attribute new functions to them and make them become something more than just a material. We invest in new production methods, which makes it possible for us to propose **unlimited options for the development of POSM** that meets even the most daring expectations. Our solutions are always **directed to individual needs of customers** and their **products**. Our production process aims at the achievement of the best solutions, therefore we offer **complex services**, from the development of a project, through execution of a prototype, to the production, supply and assembly.

HOW WE WORK

In relationships with our Customers we follow the win to win principle. We are always **engaged** in each project and feel **responsible** for it. Our experts watch **over every implementation stage** – they analyze the needs, help to develop a strategy, advise on designing POSM and handle their implementation in the exhibition space. We also provide our Customers **with after-sale services** – we carry out repairs and regeneration. We **deliver our products to every country in the world** and **handle the assembly across Europe**. Owing to our long-term experience, we guarantee efficient and professional services and workmanship.
